Key findings

Growth across the region recovered after the 2020 contraction. In 2023 the Philippines grew fastest at 5.5 percent, followed by Indonesia at 5.0 percent, Cambodia at 5.0 percent and Viet Nam at 5.0 percent.

In 2024 Viet Nam led the region with real GDP growth of 7.0 percent, ahead of Cambodia at 6.0 percent and the Philippines at 5.7 percent. Myanmar contracted by 1.0 percent.

Indonesia was the steadiest large economy, growing between 5.0 and 5.3 percent every year from 2022 to 2024.

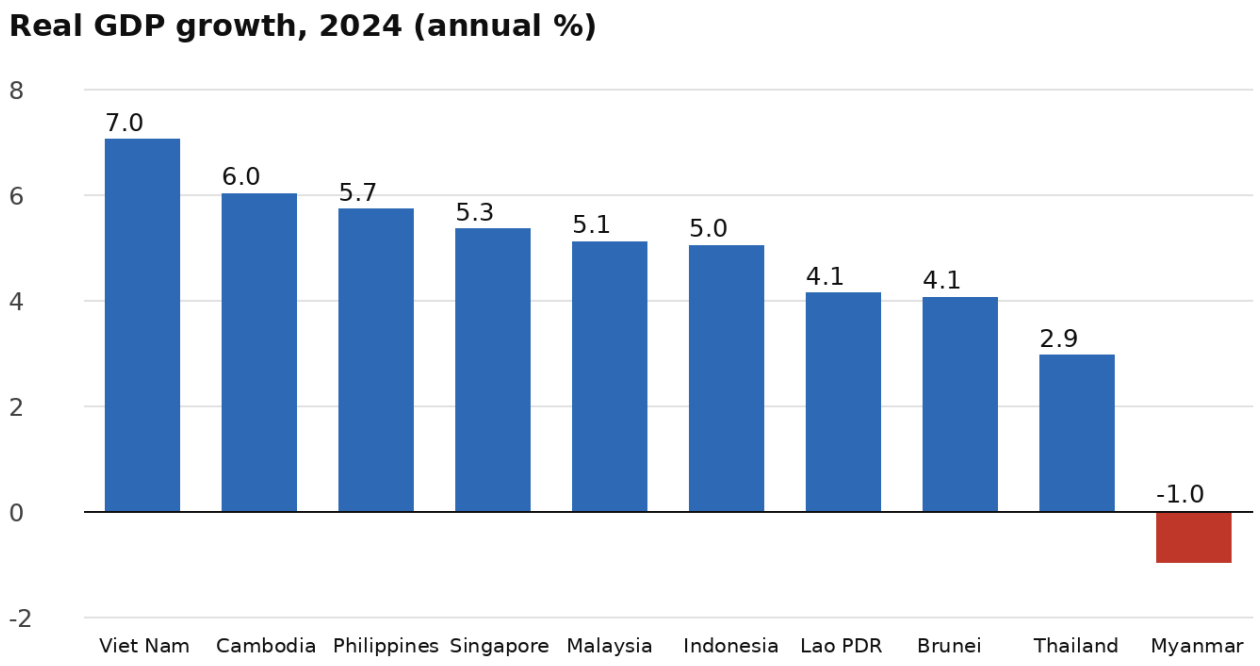

Household consumption and manufacturing tables follow. Figure 1 on page 4 charts 2024 growth for all ten economies.
